ATTORNEY-AT-LAW | PARTNER

Employment Law, Dispute Resolution
& Strategic Real Estate Transactions

*Strategic clarity.
Resilient outcomes.*

Advising employers, corporate groups and decision-makers on complex workforce, dispute and real estate matters where legal judgment, negotiation strategy and institutional resilience must operate together.

Complex relationships. Clear resolution.

Berkay Koçak advises employers, corporate groups and business decision-makers on complex employment, collective bargaining, dispute resolution and real estate matters. With more than nine years of legal experience spanning prominent law firms and multidisciplinary corporate groups, his practice combines the perspective of a proactive corporate adviser with the discipline of an experienced disputes lawyer and registered mediator. He regularly advises on individual and collective employment structures, trade union matters, collective bargaining processes and complex employer-employee disputes, while also navigating cross-border employment arrangements involving foreign employees in Türkiye and Turkish employees working abroad.

His approach is resolution-led: understand the commercial and institutional dynamics behind the legal issue, establish a clear strategy at an early stage, and pursue an outcome that protects both immediate interests and long-term organisational resilience.

COLLECTIVE BARGAINING & UNION STRATEGY

He brings substantial experience in collective employment relations, advising employers on trade union matters, union authority and related objections, collective bargaining strategy and the negotiation and conclusion of collective labour agreements. His work combines legal analysis with a practical understanding of workforce dynamics, enabling institutions to approach sensitive labour relations with structure, consistency and strategic control.

SOPHISTICATED DISPUTE RESOLUTION

As both disputes counsel and a Registered Expert Mediator, he advises on contentious matters from early-stage risk assessment through structured mediation and judicial proceedings. His experience spans employment and commercial disputes as well as matters involving consumer, intellectual property and insurance law, allowing him to assess conflict through both adversarial and settlement-oriented perspectives and to identify the most effective route to resolution.

CORE COMPETENCIES & TRACK RECORD

Strategic depth across employment, disputes and property.

01

EMPLOYMENT & LABOR LAW

- Advises employers on the full spectrum of individual and collective employment matters, including employment agreements, workplace structures, termination strategy and employee-related risk management.
- Acts on trade union law matters, including union authority processes and objections, and provides strategic employer-side counsel throughout collective bargaining mandates.
- Has extensive experience in the negotiation and conclusion of complex individual and collective labour arrangements, balancing statutory requirements with operational and institutional priorities.
- Advises on cross-border employment structures involving foreign employees working in Türkiye and Turkish employees performing services abroad.

02

STRATEGIC MEDIATION & LITIGATION

- Represents and advises clients across employment and broader commercial disputes throughout pre-litigation assessment, mandatory or voluntary mediation and judicial proceedings.
- Registered as a mediator since 2022 under Registry No. 29720, conducting both voluntary and mandatory mediation proceedings.
- Holds Expert Mediator credentials in Employment, Commercial, Consumer, Intellectual Property and Insurance Law.
- Develops dispute strategies that assess not only legal merits but also timing, settlement leverage, operational disruption and the broader commercial consequences of litigation.

03

REAL ESTATE & COMMERCIAL CONTRACTS

- Advises on sophisticated real estate and construction arrangements, including construction agreements in return for land share and related contractual frameworks.
- Handles property disputes arising from preliminary real estate sale arrangements, including title deed cancellation and registration proceedings.
- Advises on high-value commercial leasing and tenancy matters, including dispute management, contractual structuring and enforcement considerations.
- Drafts and negotiates transaction-specific agreements designed to align property rights, commercial objectives and long-term risk allocation.
